Cisco NetFlow Generation Appliance Documentation Overview

November 24, 2012

Suggest ways Cisco technical documentation can be improved and better serve your needs. Click here to participate in the Technical Documentation Ideas forum.

Contents

Use this index as an online directory to quickly access publications for your product. This index includes the following sections:

- Hardware Information
- Software Documentation
- Troubleshooting Links
- Cisco NetFlow-Related Documentation
- Other Useful Documentation
- Regulatory Compliance and Safety Information
- Cisco Open Source Licensing Information

Hardware Information

To open a document, click the link provided.

- *Quick Start Guide for the Cisco NetFlow Generation Appliance (NGA)*

Note Cisco NetFlow Generation Appliance is preinstalled on the UCS C-Series server. Where applicable, documentation may reference the UCS C-series guides for hardware-specific tasks such as rack mounting and technical specifications. Because Cisco NGA is the only application running on this

Americas Headquarters:
Cisco Systems, Inc., 170 West Tasman Drive, San Jose, CA 95134-1706 USA

appliance, it does not require you to perform any maintenance or configuration tasks that may be associated with the UCS C-Series server. Do not attempt to open the appliance unless directed by a customer support representative.

Software Documentation

To open a document, click the link provided:

- *Cisco NetFlow Generation Appliance User Guide*
- *Cisco NetFlow Generation Appliance Release Notes*
- *Cisco NetFlow Generation Appliance Command Reference*
