

Preface

Welcome to the *Cisco Prime Cable Provisioning 5.0 User Guide*. This guide describes concepts and configurations related to Cisco Prime Cable Provisioning.

Note

For a complete understanding of the product, use this guide along with the documentation listed in [Product Documentation, page xiii](#), and [Related Documentation, page xiii](#).

Audience

System administrators use this guide to configure Prime Cable Provisioning for automating large-scale provisioning for broadband access. The administrator should be familiar with:

- Basic networking concepts and terminology
- Network administration
- Cable networks

Product Documentation

Note

We sometimes update the documentation after original publication. Therefore, you should also look at the documentation on [Cisco.com](http://www.cisco.com) for any updates.

You can view the marketing and user documents for Prime Cable Provisioning at:

http://www.cisco.com/en/US/products/ps12728/tsd_products_support_series_home.html

See the [Cisco Prime Cable Provisioning 5.0 Documentation Overview](#) for the list of Prime Cable Provisioning guides.

Related Documentation

See the [Cisco Prime Network Registrar 8.x Documentation Overview](#) for the list of Prime Network Registrar guides.

Obtaining Documentation and Submitting a Service Request

For information on obtaining documentation, submitting a service request, and gathering additional information, see *What's New in Cisco Product Documentation* at:

<http://www.cisco.com/en/US/docs/general/whatsnew/whatsnew.html>.

Subscribe to *What's New in Cisco Product Documentation*, which lists all new and revised Cisco technical documentation, as an RSS feed and deliver content directly to your desktop using a reader application. The RSS feeds are a free service.
