

# Cisco Prime Optical 9.6.3 Documentation Overview

March 8, 2013

You can access the Cisco Prime Optical 9.6.3 end-user documentation on Cisco.com at [http://www.cisco.com/en/US/products/ps11670/tsd\\_products\\_support\\_series\\_home.html](http://www.cisco.com/en/US/products/ps11670/tsd_products_support_series_home.html).

To search within the documentation, use the Search this Category search box.

**Note**

We sometimes update the documentation after original publication. Therefore, you should review the documentation on Cisco.com for any updates.

The following documents are provided as part of the Cisco Prime Optical product:

Documentation Title	What Is Included
<a href="#">Cisco Prime Optical 9.6.3 Release Notes</a>	Provides an overview of the release and describes how to access bugs for Prime Optical 9.6.3.
<a href="#">Cisco Prime Optical 9.6.3 Quick Start Guide</a>	Provides steps that lead you through a new installation for a single-server setup with an embedded database. The purpose of this guide is to quickly get you up and running with Prime Optical 9.6.3.
<a href="#">Cisco Prime Optical 9.6.3 Installation Guide</a>	Explains how to install and upgrade to Prime Optical 9.6.3.
<a href="#">Cisco Prime Optical 9.6.3 User Guide</a>	Describes how to use the Prime Optical software, which consists of user applications and tools for network discovery, network configuration, connection management, fault management, system administration, and security management.
<a href="#">Cisco Prime Optical 9.6.3 GateWay/CORBA Programmer Reference Guide</a>	Describes the GateWay/CORBA northbound interface product that is available for Prime Optical. This document serves as a reference for developers of Operations Support System (OSS) applications that work with the Prime Optical GateWay/CORBA interface.

Documentation Title	What Is Included
<a href="#">Cisco Prime Optical 9.6.3 Database Schema</a>	Describes the database schema that Prime Optical uses to store information in a Structured Query Language (SQL) database such as the Oracle database. This document is designed for users who need to create their own reports without using Prime Optical.
<a href="#">Cisco Prime Optical 9.6.3 High Availability Installation Guide</a>	Explains how to install Prime Optical in a high availability (HA) environment.  <b>Note</b> To obtain the <i>Cisco Prime Optical 9.6.3 High Availability Installation Guide</i> , contact your Cisco account representative.
<a href="#">Cisco Prime Optical 9.6.3 Basic External Authentication</a>	Describes how Prime Optical supports basic external authentication.
<a href="#">Cisco Prime Optical 9.6.3 ML Provisioning Methodology</a>	Describes the methodology that Prime Optical uses to provision ML-series cards.
<a href="#">Migration Matrix for Cisco Prime Optical and Cisco Transport Manager Service Pack Releases</a>	Describes the migration matrix for service pack releases.
<a href="#">Cisco Prime Optical 9.6.3 Open Source</a>	Lists licenses and notices for open source software.
<a href="#">Cisco Prime Optical 9.6.3 Supported Devices</a>	Contains compatibility information and lists the Cisco software versions that can be used with a particular Cisco hardware product or module.

## Obtaining Documentation and Submitting a Service Request

For information on obtaining documentation, submitting a service request, and gathering additional information, see *What's New in Cisco Product Documentation* at:  
<http://www.cisco.com/en/US/docs/general/whatsnew/whatsnew.html>.

Subscribe to *What's New in Cisco Product Documentation*, which lists all new and revised Cisco technical documentation, as an RSS feed and deliver content directly to your desktop using a reader application. The RSS feeds are a free service.
