You can upgrade to release 7.6.3-023 from the following versions:

- 7.1.5-104
- 7.5.2-014
- 7.5.2-101
- 7.6.1-022
- 7.6.1-025
- 7.6.2-014
- 7.6.2-201
- 7.6.3-019

Americas Headquarters:
Cisco Systems, Inc., 170 West Tasman Drive, San Jose, CA 95134-1706 USA

Resolved Issues

Click a Defect ID in the table for more information about the defect.

Table 1 Resolved Issues in This Release

Defect ID	Description
CSCzv54743	You will lose the network configuration of your Email Security appliance if you are reverting back after an AsyncOS for Email upgrade. The symptom is observed when you upgrade AsyncOS for Email from version 7.5.2-203 to 7.6.3-019, and revert back to version 7.5.2-203.

Known Issues

Click a Defect ID in the table for more information about the defect.

Table 2 Known Issues in This Release

Defect ID	Description
CSCzv15563	When you upgrade to the latest version of AsyncOS for Email with expired Sophos Engine, an alert is sent to the user stating that the Sophos Engine has expired. **Workaround**: You can ignore this alert. After the upgrade, auto-update will download and update the Sophos Engine.
CSCzv96232	Application fault occurs while adding a Recipient Address entry with more than 53 email addresses to Recipient Access Table (RAT) using GUI. **Workaround**: From the application fault screen, navigate back to the Add to Recipient Access Table page using the browser Back button, and perform the commit.

Additional Information

For additional information about AsyncOS for Email, see the Release Notes for your release at http://www.cisco.com/en/US/products/ps10154/prod_release_notes_list.html.

Service and Support

For service and support information for Cisco Content Security appliances, see:

- http://www.cisco.com/en/US/support/tsd_cisco_worldwide_contacts.html
- http://www.cisco.com/en/US/products/ps11169/serv_group_home.html#~Support

If you purchased support through a reseller or another supplier, please contact that supplier directly with your product support issues.

For noncritical questions and issues, you can also submit a customer support request from the appliance. For instructions, see the User Guide or Online help.
