New License Agreement

A copy of the new license agreement is included in the Online Help. To view it, choose Help and Support > Online Help, scroll down to the end of the Contents list, and click the link for the license agreement.

Because the license agreement has changed, you may be required to accept the new agreement when you apply new feature keys after upgrading.

Fixed in Hot Patch 1

The FTP proxy did not fail over to Active Mode if the FTP server replied with an unreachable private IP address. This is fixed for native FTP. (It is not yet fixed for FTP over HTTP.) [Defect ID 78855]
