

## Preface

---

This preface describes the audience, organization, and conventions of the *Cisco Nexus 7000 Series NX-OS Interfaces Command Reference*. It also provides information on how to obtain related documentation.

This chapter includes the following sections:

- [Audience, page xiii](#)
- [Organization, page xiii](#)
- [Document Conventions, page xiii](#)
- [Related Documentation, page xiv](#)
- [Documentation Feedback, page xvi](#)
- [Obtaining Documentation and Submitting a Service Request, page xvi](#)

## Audience

This publication is for experienced users who configure and maintain Cisco NX-OS devices.

## Organization

This reference is organized as follows:

Chapter and Title	Description
<a href="#">Cisco NX-OS Interfaces Commands</a>	Describes the Cisco NX-OS interfaces commands.

## Document Conventions

Command descriptions use these conventions:

Convention	Description
<b>boldface font</b>	Commands and keywords are in boldface.
<i>italic font</i>	Arguments for which you supply values are in italics.

[ ]	Elements in square brackets are optional.
[ x   y   z ]	Optional alternative keywords are grouped in brackets and separated by vertical bars.
string	A nonquoted set of characters. Do not use quotation marks around the string or the string will include the quotation marks.

Screen examples use these conventions:

screen font	Terminal sessions and information that the switch displays are in screen font.
<b>boldface screen font</b>	Information you must enter is in boldface screen font.
<i>italic screen font</i>	Arguments for which you supply values are in italic screen font.
< >	Nonprinting characters, such as passwords, are in angle brackets.
[ ]	Default responses to system prompts are in square brackets.
!, #	An exclamation point (!) or a pound sign (#) at the beginning of a line of code indicates a comment line.

This document uses the following conventions:

#### Note

Means reader *take note*. Notes contain helpful suggestions or references to material not covered in the manual.

#### Caution

Means *reader be careful*. In this situation, you might do something that could result in equipment damage or loss of data.

#### Tip

Means *the following information will help you solve a problem*.
