Release Note and Interoperability Information

Category	Description
Release Notes	<p>The Release Notes provide the most current information about open and resolved caveats for each release of Cisco UCS Director.</p> <p>The complete list of release notes can be found here: http://www.cisco.com/en/US/products/ps13050/prod_release_notes_list.html.</p>
Interoperability Information	<p>The Compatibility Matrix provides interoperability information for Cisco UCS Director configurations that have been tested and validated by Cisco, by Cisco partners, or both. Use it as a reference for supported hardware and software.</p> <p>The complete list of compatibility matrices can be found here: http://www.cisco.com/en/US/products/ps13050/prod_technical_reference_list.html.</p> <p>Note The interoperability information for a particular release is dependent on third-party certification testing done after the release has been made public. Therefore, the interoperability information may not be available until several months after the release becomes publically available.</p>
