

## Preface

---

This preface describes the objectives and organization of this guide and contains the following sections:

- [Document Revision History, page xiii](#)
- [Document Organization, page xiii](#)
- [Audience, page xiv](#)
- [Conventions, page xiv](#)
- [Related Documentation, page xv](#)
- [Obtaining Documentation and Submitting a Service Request, page xv](#)

## Document Revision History

[Table 1](#) records the technical changes to the Document Revision History.

**Table 1** *Document Revision History*

Document Version	Date	Change Summary
OL-20800-04	March 2011	Updated for Release 2.5.9, build 119.
OL-20800-03	June 2010	Updated for Release 2.5.9.
OL-20800-02	March 2010	Updated for Releases 2.5.3 and 2.5.7.
OL-20800-01	November 2009	This is the first release of this document.

## Document Organization

[Table 2](#) describes the organization of the document.

**Table 2**      **Document Organization**

Chapter	Description
<a href="#">Chapter 1, “Command-Line Interface Command Summary”</a>	This chapter describes how to use the CDS <sup>1</sup> CLI <sup>2</sup> to configure software features.
<a href="#">Chapter 2, “Cisco Internet Streamer CDS Release 2.5 Software Commands”</a>	This chapter provides a complete list of Cisco Internet Streamer commands, listed alphabetically.
<a href="#">Appendix A, “Acronyms”</a>	This appendix lists the abbreviations and acronyms used in this guide.
<a href="#">Appendix B, “Standard Time Zones”</a>	This appendix lists all the standard time zones that you can configure on a CDE <sup>3</sup> and the offset from UTC <sup>4</sup> for each standard time zone.

1. CDS = content delivery system
2. CLI = command-line interface
3. CDE = content delivery engine
4. UTC = coordinated universal time

## Audience

This guide is for the networking professional using Cisco Internet Streamer CDS Release 2.5. Before using this guide, you should have experience working with the Cisco Internet Streamer CDS and the concepts and terminology of Ethernet and local area networking.

## Conventions

This publication uses various conventions to convey instructions and information.

Command descriptions use these conventions:

- Commands and keywords are in **boldface** text.
- Arguments for which you supply values are in *italic*.
- Square brackets ( [ ] ) means optional elements.
- Braces ( { } ) group required choices, and vertical bars ( | ) separate the alternative elements.
- Braces and vertical bars within square brackets ( [ { | } ] ) mean a required choice within an optional element.

Interactive examples use these conventions:

- Terminal sessions and system displays are in `screen` font.
- Information you enter is in **boldface screen** font.
- Nonprinting characters, such as passwords or tabs, are in angle brackets (< >).

Notes, cautions, and warnings use these conventions and symbols:

**Note**

Means *reader take note*. Notes contain helpful suggestions or references to materials not contained in this manual.

**Caution**

Means *reader be careful*. In this situation, you might do something that could result in equipment damage or loss of data.

## Related Documentation

These documents provide complete information about the CDS and are available from Cisco.com:
