

# **Documentation Guide for the Cisco Media Experience Engine 3500**

### Revised: February 19, 2013

You can use this link to access all Cisco MXE 3500 product documentation on Cisco.com: http://www.cisco.com/en/US/products/ps12130/tsd\_products\_support\_series\_home.html This document includes these sections:

- Documentation—Listed by Title, page 1
- Documentation—Listed by Task, page 2
- Related Documentation, page 4
- Providing Documentation Feedback, page 4
- Obtaining Documentation and Submitting a Service Request, page 5

## **Documentation—Listed by Title**

If you know the document that you want to use, locate it in Table 1 and click the link to go to the listing page for that book. If you are not sure which document has the information that you need, see the task-based list in Table 2.

#### Table 1 Cisco MXE 3500 Documentation—Listed by Title

#### **Document Title**

Administration Guide for Cisco Media Experience Engine 3500 Release 3.3

API Guide for Cisco Media Experience Engine 3500

Capture Transform Share: How to Configure Cisco TCS and MXE 3500 for Automated Transcoding and Forwarding to Cisco Show and Share

Capture Transform Share: How to Configure Cisco TCS for WMV Streaming to Cisco Show and Share and DMP

### Table 1 Cisco MXE 3500 Documentation – Listed by Title (continued)

### **Document Title**

Customizing Cisco MXE 3500 Release 3.3 Encoder Profiles for High Resolution Videos from WebEx ARF Files

Deployment and Administration Guide for Cisco Media Experience Engine 3500

Hardware Installation Guide for Cisco Media Experience Engine 3500

Integration Note for Configuring Cisco Media Experience Engine 3500 with Cisco Show and Share

Integration Note for Configuring Cisco Media Experience Engine 3500 with Cisco TelePresence Content Server

Open Source Used in Cisco Media Experience Engine 3500

Quick Start Hardware Installation Guide for Cisco Media Experience Engine 3500

Regulatory Compliance and Safety Information for Cisco Media Experience Engine 3500

Release Notes for Cisco Media Experience Engine 3500

User Guide for Cisco Media Experience Engine 3500

Using the Cisco MXE 3500 Video Conversion Interface

## **Documentation—Listed by Task**

Table 2 identifies high-level tasks and the supporting documentation.

Cisco MXE 3500 Documen	ntation—Listed by Task
	Cisco MXE 3500 Documen

Task	Document
Learn about Cisco MXE 3500 components	Release 3.3
	Administration Guide for Cisco MXE 3500 for Release 3.3
	Release 3.2, Release 3.1, Release 3.0
	User Guide for Cisco MXE 3500
Identify installation requirements and caveats	Release Notes for Cisco MXE 3500
Set up the Cisco MXE 3500 hardware and configure the TCP/IP settings	Quick Start Hardware Installation Guide for Cisco MXE 3500
	Regulatory and Compliance Safety Information for Cisco MXE 3500

Task	Document	
Deploy the Cisco MXE 3500	Release 3.3	
• Access the user interface (UI)	Administration Guide for Cisco MXE	
• Obtain and install a license	3500 for Release 3.3	
• Configure the mandatory system settings to use the Cisco MXE 3500 for the first time	Release 3.2, Release 3.1, Release 3.0 <i>User Guide for Cisco MXE 3500</i>	
• Configure licensed features, including live streaming, graphics overlay, and Video Conversion Interface		
• Configure optional settings to submit a test job and verify deployment		
• Review security best practices and guidelines		
Troubleshoot deployments		
Integrate the Cisco MXE 3500 with Cisco Show and Share	Integration Note for Configuring Cisco MXE 3500 with Cisco Show and Share	
Integrate the Cisco MXE 3500 with Cisco TCS and share in Cisco Show and Share	Integration Note for Configuring Cisco MXE 3500 with Cisco TelePresence Content Server	
Integrate the Cisco MXE 3500 with the Capture Transform Share solution components.	Capture Transform Share: How to Configure Cisco TCS and MXE 3500 for Automated Transcoding and Forwarding to Cisco Show and Share	
	Capture Transform Share: How to Configure Cisco TCS for WMV Streaming to Cisco Show and Share and DMP	
Customize encoder profiles to create smaller-sized videos with a lower frame rate and higher resolution from WebEx ARF files.	Customizing Cisco MXE 3500 Release 3 Encoder Profiles for High Resolution Videos from WebEx ARF Files	
Use the Cisco MXE 3500	Release 3.3	
• Create user accounts	Administration Guide for Cisco MXE	
• Create new or modify preconfigured Job Profiles	3500 for Release 3.3	
• Submit jobs	Release 3.2, Release 3.1, Release 3.0	
• Create directories and watches for Folder Attendant to automate job submission	User Guide for Cisco MXE 3500	
Monitor jobs		
Manage jobs		
• Run reports on Cisco MXE 3500 activity		
Troubleshoot jobs		
Use the Video Conversion Interface	Using the Cisco MXE 3500 Video Conversion Interface	

### Table 2 Cisco MXE 3500 Documentation – Listed by Task (continued)

I

Task	Document
Troubleshoot the Cisco MXE 3500 hardware	Hardware Installation Guide for Cisco MXE 3500
Recover the Cisco MXE 3500	Release 3.3
	Administration Guide for Cisco MXE 3500 for Release 3.3
	Release 3.2, Release 3.1, Release 3.0
	Deployment and Administration Guide for Cisco MXE 3500

### **Related Documentation**

You can find related product documentation at these URLs:

- Cisco TelePresence Content Server http://www.cisco.com/en/US/products/ps11347/tsd\_products\_support\_series\_home.html
- Cisco Digital Media Suite http://www.cisco.com/en/US/products/ps6681/products\_documentation\_roadmaps\_list.html
- Cisco Show and Share
   http://www.cisco.com/en/US/products/ps6682/tsd\_products\_support\_series\_home.html

## **Providing Documentation Feedback**

To provide feedback on Cisco MXE 3500 documentation, or to report an error or omission, you can use the online, Embedded Feedback form. The form appears when you click the "Give us Feedback" link that is located at the top right of each chapter in a guide or standalone document.

You can also send feedback to mxe-doc@cisco.com. Please include the title of the document.

## **Obtaining Documentation and Submitting a Service Request**

For information on obtaining documentation, submitting a service request, and gathering additional information, see the monthly *What's New in Cisco Product Documentation*, which also lists all new and revised Cisco technical documentation, at:

http://www.cisco.com/en/US/docs/general/whatsnew/whatsnew.html

Subscribe to the *What's New in Cisco Product Documentation* as an RSS feed and set content to be delivered directly to your desktop using a reader application. The RSS feeds are a free service. Cisco currently supports RSS Version 2.0.
