Cisco Unity Connection SRSV Administration - System Settings Interface

See the following sections:

Search Schedules

The Search Schedules page displays the status with the total number of schedules.

The search results, by default, return all schedules. By default, the administrator can view 25 records per page and can select rows per page from the dropdown list, the max limit being 250 search results returned on one page. The administrator can perform custom search on the schedule name field using the following options:

- Begins with
- Contains.
- Ends with
- Is Exactly
- Is Empty
- Is Not Empty

Table 13-1 **Search Schedules Page**

Field	Description
Delete Selected	Check the check box to the left of the display name, and select Delete Selected. You can delete multiple schedules at once.

Table 13-1   Search Schedules Page (continued)

Field	Description
Display Name	*(Display only)* The name of the schedule. Select the Display Name to edit the schedule.

New Schedule

Table 13-2   New Schedule Page

Field	Description
Display Name	Enter a descriptive name for the schedule.

Edit Schedule Basics

Table 13-3   Edit Schedule Basics Page

Field	Description
Display Name	Enter a descriptive name for the schedule.
Delete Selected	Check the check box to the left of the display name, and select Delete Selected. You can delete multiple schedules at once.
Add New	Click the Add New button. A new page opens, on which you enter data applicable to the new schedule.
Name	*(Display only)* The name of the schedule detail. Select the name to go to the specific page for the schedule detail.
Start Time	*(Display only)* The time at which the schedule becomes active based on this schedule detail.
End Time	*(Display only)* The time at which the schedule becomes inactive based on this schedule detail.
Days Active	*(Display only)* The days on which the schedule is active based on this schedule detail.

New Schedule Detail

Table 13-4   New Schedule Detail Page

Field	Description
Name	Enter a descriptive name that other administrators will recognize when they work with this schedule.
Start Time	From the lists, select the hour, minute, and a.m. or p.m. designation at which the schedule becomes active.
End Time	From the lists, select the hour, minute, and a.m. or p.m. designation at which time the schedule becomes inactive. **Note** The end time must be later than the start time. To specify the midnight end time (12:00 am), check the End of Day check box.
End of Day	Check this check box to specify that the schedule becomes inactive at midnight (the end of the day).

Table 13-4   New Schedule Detail Page (continued)

Field	Description
Active Every Day	Check this check box to make the schedule active every day of the week (including weekends) between the start time and end time that you specify for this schedule detail.
Active Weekdays	Check this check box to make the schedule active every week day (Monday through Friday, weekends excluded) between the start time and end time that you specify for this schedule detail.
Active Monday	Check this check box to make the schedule active each Monday between the start time and end time that you specify for this schedule detail.
Active Tuesday	Check this check box to make the schedule active each Tuesday between the start time and end time that you specify for this schedule detail.
Active Wednesday	Check this check box to make the schedule active each Wednesday between the start time and end time that you specify for this schedule detail.
Active Thursday	Check this check box to make the schedule active each Thursday between the start time and end time that you specify for this schedule detail.
Active Friday	Check this check box to make the schedule active each Friday between the start time and end time that you specify for this schedule detail.
Active Saturday	Check this check box to make the schedule active each Saturday between the start time and end time that you specify for this schedule detail.
Active Sunday	Check this check box to make the schedule active each Sunday between the start time and end time that you specify for this schedule detail.

Edit Schedule Detail

Table 13-5   Edit Schedule Detail Page

Field	Description
Name	Enter a descriptive name that other administrators will recognize when they work with this schedule.
Start Time	From the lists, select the hour, minute, and a.m. or p.m. designation at which the schedule becomes active.
End Time	From the lists, select the hour, minute, and a.m. or p.m. designation at which time the schedule becomes inactive. **Note** The end time must be later than the start time. To specify an end time of midnight (12:00 am), check the End of Day check box.
End of Day	Check this check box to specify that the schedule becomes inactive at midnight (the end of the day).
Active Every Day	Check this check box to make the schedule active every day of the week (including weekends) between the start time and end time that you specify for this schedule detail.
Active Weekdays	Check this check box to make the schedule active every week day (Monday through Friday, weekends excluded) between the start time and end time that you specify for this schedule detail.
Active Monday	Check this check box to make the schedule active each Monday between the start time and end time that you specify for this schedule detail.
Active Tuesday	Check this check box to make the schedule active each Tuesday between the start time and end time that you specify for this schedule detail.

Table 13-5   Edit Schedule Detail Page (continued)

Field	Description
Active Wednesday	Check this check box to make the schedule active each Wednesday between the start time and end time that you specify for this schedule detail.
Active Thursday	Check this check box to make the schedule active each Thursday between the start time and end time that you specify for this schedule detail.
Active Friday	Check this check box to make the schedule active each Friday between the start time and end time that you specify for this schedule detail.
Active Saturday	Check this check box to make the schedule active each Saturday between the start time and end time that you specify for this schedule detail.
Active Sunday	Check this check box to make the schedule active each Sunday between the start time and end time that you specify for this schedule detail.

Conversation Configuration

Table 13-6   Conversation Configuration Page

Field	Description
IP Addresses Allowed To Connect For Port Status Monitor Output (comma-separated)	Enter up to three IP addresses for the Remote Port Status Monitor clients that are allowed to connect to Cisco Unity Connection SRSV. You must separate the IP addresses with commas or semi-colons. Clients that do not have their IP address listed here, are refused access to Cisco Unity Connection SRSV.
Enable Remote Port Status Monitor Output	When this checkbox is checked, Cisco Unity Connection SRSV is enabled to send real-time port status information over port 5000 to the Remote Port Status Monitor clients. Default setting: Check box not checked.

Enterprise Parameters

Table 13-7   Enterprise Parameters Page

Field	Description
Parameter Name	*(Display only)* The name of the enterprise parameter.
Parameter Value	Enter or select the value for the parameter.
Suggested Value	*(Display only)* The suggested parameter value.
Set to Default	Select the Set to Default button to set all enterprise parameters to the default values.

Search Plugins

The Search Plugins page displays the status with the total number of plugins.

The search results, by default, return all plugins. By default, the administrator can view 25 records per page and can select rows per page from the dropdown list, the max limit being 250 search results returned on one page. The administrator can perform custom search on the plugins name field using the following options:

- Begins with
- Contains.
- Ends with
- Is Exactly
- Is Empty
- Is Not Empty

These fields do not apply to Cisco Unified Communications Manager or Cisco Unified Communications Manager Business Edition.

Table 13-8   Search Plugins Page

Field	Description
Find	Select the Find button to display the available plugins.
Download	Select Download and follow the on-screen instructions to download and install a plugin.
Plugin Name	*(Display only)* The name of the plugin that is available to download and install.
Description	*(Display only)* The description of the plugin.
