

## Managing the Deleted Items Folder

---

When you delete messages from the Cisco Unity Inbox web tool, Cisco Unity Connection saves them in the Deleted Items folder. You can listen to deleted voice messages; retrieve the deleted messages so that you can listen to them, reply to or forward them; restore them to the Cisco Unity Inbox; or delete them permanently.

### To Manage Deleted Items

---

**Step 1** In the Cisco Unity Inbox, click the **View Deleted Items** icon below the menu bar.

**Step 2** On the Deleted Items page, do any of the following tasks:

|   |   |
|---|---|
| <b>Listen to a voice message</b>                  | Click the speaker icon next to the message.<br><br>Or<br><br>Open the message and play it by using the Media Master.                  |
| <b>Reply to or forward a message</b>              | Open the message, and click the applicable icon.  |
| <b>Restore a message to the Cisco Unity Inbox</b> | Check the check box to the left of the message, and click the <b>Restore Selected Rows to Inbox</b> icon below the menu bar.          |
| <b>Permanently delete a message</b>               | Check the check box to the left of the message, click the <b>Delete Selected Rows</b> icon below the menu bar, then click <b>OK</b> . |
