

# Elements of the User Interface

Before you use your ATA, become familiar with the following features of the user interface.

## Screen Elements

Component	Description
1. Menu Bar (top)	Provides access to the modules of the configuration utility. Click a menu to view the options in the navigation tree.
2. Navigation Tree (left panel)	Provides access to the configuration pages within the selected module. Click a category heading to view the list of features. Click a link to open the configuration page.
3. Configuration Page (main area)	Settings for the selected feature.

## Configuration Utility Icons

Many configuration pages provide the following icons for common tasks.

Icon	Description
	The Edit icon lets you edit an existing item from a list. After making your changes, click the <b>Submit</b> button to save your changes.
	The Add Item icon lets you add an item to a list. After you have created a new item, click the <b>Submit</b> button to save the new item.
	The Delete Item icon lets you delete an item from a list. After you have deleted an item, click the <b>Submit</b> button to save your changes.

## Saving the Settings

Your settings on a configuration page are not saved until you click the **Submit** button. When you navigate to another page, any unsaved settings are abandoned. Changes cannot be saved while calls are in progress. Try again when the phones are idle.

To clear the settings without saving them, you can click the **Cancel** button.

## Help

To view information about the configuration pages, click the **Help** link near the top right corner of the configuration utility. You can then use the table of contents to find topics of interest.

## Logout

To exit the configuration utility, click the **Logout** link near the top right corner of the window. The *Login* page appears. You can close the browser window.
