

## Deleting Cisco Gateways

---

To locate the records that you want to delete, you must define a query filter. Use the following procedure to delete a group of gateways from the Cisco Unified CallManager database.

Using the Delete Gateway Configuration window, you can only delete Cisco VG200 and Cisco Catalyst 6000 gateways.

## Deleting Cisco Gateways

To delete gateways from Cisco Unified CallManager, use the following procedure.

### Procedure

---

**Step 1** Choose **Bulk Administration > Gateways > Delete Gateways**.

The Find and List Gateway Configuration window displays.

**Step 2** From the Find Gateways where drop-down list box, choose one of the following options:

- Name
- Description
- DN/Route Pattern
- Calling Search Space
- Device Pool
- Device Type

**Step 3** From the second Find Gateways Report where drop-down list box, choose one of the following criteria:

- begins with
- contains
- is exactly
- ends with
- is empty
- is not empty

**Step 4** From the third drop-down list box, choose **Show** to display the associated endpoints.

**Step 5** Specify the appropriate search text, if applicable.

**Related Topics****Tip**

To find all gateways that are registered in the database, click **Find** without entering any search text.

**Step 6** To further define your query, you can choose **AND** or **OR** to add multiple filters and repeat steps [2](#) through [5](#).

**Step 7** Click **Find**.

A list of discovered templates displays by:

- Device Name
- Description
- Device Pool
- Status
- IP address

**Step 8** In the Job Information area, enter the Job description.

**Step 9** Click the Run Immediately radio button to delete gateways immediately or, click Run Later to delete them at a later time.

**Step 10** Click **Submit** to create a job for deleting the gateway records.

**Step 11** Use the Job Scheduler option in the Bulk Administration main menu to schedule and/or activate this job.

For more information on jobs, see the [Chapter 51, “Scheduling Jobs.”](#)

For information on log files, see “[BAT Log Files](#)” section on page [54-3](#).

**Caution**

If you do not enter any information in the query text box, the system deletes all gateway records. Because the delete action is final, you cannot retrieve deleted records.
