■ **show license status application srst**

show license status application srst

To display the Cisco Unified SRST license status, use the **show license status application srst** command in Cisco UMG EXEC mode.

show license status application srst

Syntax Description This command has no arguments or keywords.

Command Modes Cisco UMG EXEC

| Command History | Cisco UMG Version | Modification |
|-----------------|-------------------|------------------------------|
| | 8.5 | This command was introduced. |

Examples The following are sample outputs for the **show license status application srst** command:

```
umg-1# show license status application srst
srst enabled: 25 srst nodes

umg-1# show license status application srst
srst disabled, no activated srst node license available
```

| Related Commands | Command | Description |
|------------------|------------------------------------|---|
| | license activate srst nodes | Activates the license for Cisco Unified SRST nodes. |

show license status application srsv

To display the Cisco Unified SRSV license status, use the **show license status application srsv** command in Cisco UMG EXEC mode.

show license status application srsv

Syntax Description This command has no arguments or keywords.

Command Modes Cisco UMG EXEC

| Command History | Cisco UMG Version | Modification |
|-----------------|-------------------|------------------------------|
| | 8.0 | This command was introduced. |

Examples The following are sample outputs for the **show license status application srsv** command:

```
umg-1# show license status application srsv
srsv enabled: 25 srsv nodes

umg-1# show license status application srsv
srsv disabled, no activated srsv node license available
```

| Related Commands | Command | Description |
|------------------|---|---|
| | license activate srsv nodes | Activates the license for Cisco Unified SRSV nodes. |

■ **show srsx alerts**

show srsx alerts

To display the alerts received from all Cisco Unified survivable remote systems, use the **show srsx alerts** command.

show srsx alerts [critical | error | warning | info]

| Syntax Description | critical Displays critical level alerts. |
|--------------------|---|
| error | Displays warning level alerts. |
| warning | Displays error level alerts. |
| info | Displays informational level alerts. |

| Command Modes | Cisco UMG EXEC mode |
|---------------|---------------------|
|---------------|---------------------|

| Command History | Cisco UMG Version | Modification |
|-----------------|-------------------|------------------------------|
| | 8.0 | This command was introduced. |

| Usage Guidelines | This information is also available in the Cisco UMG graphical user interface, which we recommend that you use as the primary administrative interface. |
|------------------|--|
|------------------|--|

| Examples | The following is an example of the show srsx alerts command: |
|----------|---|
|----------|---|

```
umg-1(config)# show srsx alerts

Level  |System          |Date                |Description
-----|-----|-----|-----
WARNING|central-umg |Mon, Mar 22, 09:16 AM|Central telephony service server cucm.srvsv.lab
could not be contacted for provisioning.
INFO   |central-umg |Mon, Mar 22, 09:17 AM|Central telephony service server cucm.srvsv.lab
new SRST reference branch-bos-srst detected.
```

| Related Commands | Command | Description |
|------------------|---|--|
| | show srsx branch-voicemail-server | Displays the SRSV-CUE devices on the Cisco Unified SRSV system. |
| | show srsx central-call-agent | Displays the central call agents available on the Cisco Unified SRSV system. |
| | show srsx central-voicemail-server | Displays the central voicemail servers available on the Cisco Unified SRSV system. |
| | show srsx site | Displays the sites on the Cisco Unified SRSV system. |

show srsx branch-call-agent

To display information about all the SRST sites that have been learned from the central Cisco Unified Communications Manager, use the **show srsx branch-call-agent** command in Cisco UMG EXEC mode.

show srsx branch-call-agent [name]

| | |
|---------------------------|---|
| Syntax Description | <i>name</i> (Optional) Name of a specific SRST reference name. |
|---------------------------|---|

| | |
|----------------------|---------------------|
| Command Modes | Cisco UMG EXEC mode |
|----------------------|---------------------|

| Command History | Cisco UMG Version | Modification |
|------------------------|--------------------------|------------------------------|
| | 8.5 | This command was introduced. |

| | |
|-------------------------|--|
| Usage Guidelines | This information is also available in the Cisco UMG graphical user interface, which Cisco recommends that you use as the primary administrative interface. |
|-------------------------|--|

| | |
|---|--|
| Examples | The following is an example of the show srsx branch-call-agent command: |
| <pre>se-10-86-27-64# show srsx branch-call-agent SRST Reference Name SRST Host Platform CUCME Version Router Username 2821_branch1 172.16.0.1 2821 8.5 admin 1861 192.168.203.7 -- -- cisco test_branch1 202.202.202.1 -- -- cisco 2951-branch 223.223.223.1 CISCO2951/K9 8.5 admin</pre> | |

| | | |
|-------------------------|--|--|
| Related Commands | Command | Description |
| | show srsx branch-voicemail-server | Displays the SRSV-CUE devices on the Cisco Unified SRSV system. |
| | show srsx central-call-agent | Displays the central call agents available on the Cisco Unified SRSV system. |
| | show srsx central-voicemail-server | Displays the central voicemail servers available on the Cisco Unified SRSV system. |
| | show srsx site | Displays the sites on the Cisco Unified SRSV system. |

```
■ show srsx branch-voicemail-server
```

show srsx branch-voicemail-server

To display the list of configured Cisco Unified SRSV devices, details for the specified Cisco Unified SRSV devices, or a list of the Cisco Unified SRSV devices that are not yet assigned, use the **show srsx branch-voicemail-server** command.

```
show srsx branch-voicemail-server [unassigned | hostname ]
```

| | | |
|---------------------------|-------------------|--|
| Syntax Description | unassigned | Displays the Cisco Unified SRSV devices that are not assigned to any site. |
| | <i>hostname</i> | Hostname of a specific Cisco Unified SRSV device. |

| | |
|----------------------|---------------------|
| Command Modes | Cisco UMG EXEC mode |
|----------------------|---------------------|

| Command History | Cisco UMG Version | Modification |
|------------------------|--------------------------|------------------------------|
| | 8.0 | This command was introduced. |

| | |
|-------------------------|---|
| Usage Guidelines | This information is also available in the Cisco UMG GUI, which we recommend that you use as the primary administrative interface. |
|-------------------------|---|

| | |
|-----------------|--|
| Examples | The following is an example of the show srsx branch-voicemail-server command: |
|-----------------|--|

```
umg-1(config)# show srsx branch-voicemail-server
Hostname      |SRST Gateway      |Module Type|Memory|Serial Number
bos-srvs.srvs.lab|bos-srst.srvs.lab|NME          |512 mb|ABC12344M19
```

The following is an example of the **show srsx branch-voicemail-server** command asking for unassigned devices:

```
umg-1(config)# show srsx branch-voicemail-server unassigned
Hostname      |SRST Gateway      |Module Type|Memory|Serial Number
nyc-srvs.srvs.lab|nyc-srst.srvs.lab|NME          |512 mb|DEF87644N22
```

The following is an example of the **show srsx branch-voicemail-server** command with a device specified:

```
umg-1(config)# show srsx branch-voicemail-server srvs1.cisco.com
Hostname:      |bos-srvs.srvs.lab
Module Type:   |NME
Memory:        |512 mb
Serial Number:|ABC12344M19
```

Related Commands

| Command | Description |
|---|--|
| show srsx central-call-agent | Displays the central call agents available on the Cisco Unified SRSV system. |
| show srsx central-voicemail-server | Displays the central voicemail servers available on the Cisco Unified SRSV system. |
| show srsx site | Displays the sites on the Cisco Unified SRSV system. |

■ **show srsx central-call-agent**

show srsx central-call-agent

To display the list of configured Cisco Unified Communications Manager systems or details for the specified Cisco Unified Communications Manager system, use the **show srsx central-call-agent** command.

show srsx central-call-agent [hostname [srst-references]]

| | | |
|---------------------------|------------------------|---|
| Syntax Description | <i>hostname</i> | Hostname of a specific Cisco Unified Communications Manager system. |
| | <i>srst-references</i> | Displays the Cisco Unified SRST references for the specified Cisco Unified Communications Manager system. |

| | |
|----------------------|---------------------|
| Command Modes | Cisco UMG EXEC mode |
|----------------------|---------------------|

| Command History | Cisco UMG Version | Modification |
|------------------------|--------------------------|------------------------------|
| | 8.0 | This command was introduced. |

| | |
|-------------------------|--|
| Usage Guidelines | This information is also available in the Cisco UMG graphical user interface, which we recommend that you use as the primary administrative interface. |
|-------------------------|--|

| | |
|-----------------|---|
| Examples | The following is an example of the show srsx central-call-agent command: |
|-----------------|---|

```
umg-1(config)# show srsx central-call-agent
      Hostname          IP Address       Provisioning      SRST-References Managed Sites
      cucm21.cisco.com  192.100.1.1    Enabled           97                  10
```

The following is an example of the **show srsx central-call-agent** command with a central call agent specified:

```
umg-1(config)# show srsx central-call-agent ccm.cisco.com
      Hostname:cucm.srvs.lab
      AXL Username:Administrator
      AXL Password:*****
      AXL Pacing:0 (milliseconds)
      Provisioning Schedule:Every day at 12:00 am
      Default Voicemail:cuc-8.srvs.lab
      Provisioning:enabled
      Site Provision Enable Default:enabled
```

The following is an example of the **show srsx central-call-agent** command with a central call agent specified and asking for a list of the Cisco Unified SRST references:

```
umg-1(config)# show srsx central-call-agent ccm ccm.cisco.com srst-references
      SRST-references      | IP Address
      branch-bos-srst      | 192.168.1.2
```

```
branch-nyc-srst      |192.168.1.4  
branch-sj-srst      |192.168.1.5
```

Related Commands

| Command | Description |
|--|--|
| show srsx central-voicemail-server | Displays the central voicemail servers available on the Cisco Unified SRSV system. |
| show srsx site | Displays the sites on the Cisco Unified SRSV system. |
| show srsx branch-voicemail-server | Displays the SRSV-CUE devices on the Cisco Unified SRSV system. |

■ **show srsx central-voicemail-server**

show srsx central-voicemail-server

To display the list of configured Cisco Unity Connection systems or details for the specified Cisco Unity Connection system, use the **show srsx central-voicemail-server** command.

show srsx central-voicemail-server [hostname]

| | | |
|---------------------------|-----------------|---|
| Syntax Description | <i>hostname</i> | Hostname of a specific Cisco Unity Connection system. |
|---------------------------|-----------------|---|

| | |
|----------------------|---------------------|
| Command Modes | Cisco UMG EXEC mode |
|----------------------|---------------------|

| Command History | Cisco UMG Version | Modification |
|------------------------|--------------------------|------------------------------|
| | 8.0 | This command was introduced. |

|-------------------------|--|

| | |
|-----------------|--|
| Examples | The following is an example of the show srsx central-voicemail-server command: umg-1(config)# show srsx central-voicemail-server Hostname Provisioning cuc-8.srvs.lab enabled |
|-----------------|--|

The following is an example of the **show srsx central-voicemail-server** command with a Cisco Unity Connection specified:

```
umg-1(config)# show srsx central-voicemail-server cuc1.cisco.com  
  
Hostname:cuc-8.srvs.lab  
REST Username:CucUser  
REST Password:*****  
REST Pacing:0 milliseconds  
Provisioning:enabled
```

| Related Commands | Command | Description |
|-------------------------|--|--|
| | show srsx branch-voicemail-server | Displays the SRSV-CUE devices on the Cisco Unified SRSV system. |
| | show srsx central-call-agent | Displays the central call agents available on the Cisco Unified SRSV system. |
| | show srsx site | Displays the sites on the Cisco Unified SRSV system. |

show srsx provisioning-history

To display the provisioning history for all sites, use the **show srsx provisioning-history** command.

show srsx provisioning-history

| | |
|---------------------------|--|
| Syntax Description | This command has no arguments or keywords. |
|---------------------------|--|

| | |
|----------------------|---------------------|
| Command Modes | Cisco UMG EXEC mode |
|----------------------|---------------------|

| Command History | Cisco UMG Version | Modification |
|------------------------|--------------------------|--|
| | 8.0 | This command was introduced. |
| | 8.5 | The display output was modified to include the Ephones Provisioned column. |

| | |
|-------------------------|--|
| Usage Guidelines | This information is also available in the Cisco UMG graphical user interface, which we recommend that you use as the primary administrative interface. |
|-------------------------|--|

The following is an example of the **show srsx provisioning-history** command in Cisco UMG 8.0:

```
umg-1(config)# show srsx provisioning-history
```

| Site | Last Result | Date | Last Success | Users Provisioned |
|-----------------|-------------|-----------------------|-----------------------|-------------------|
| branch-bos-srst | Success | Mon, Mar 22, 09:24 AM | Mon, Mar 22, 09:24 AM | 21 |
| branch-nyc-srst | unknown | | | 0 |
| branch-sj-srst | unknown | | | 0 |

The following is an example of the **show srsx provisioning-history** command in Cisco UMG 8.0:

```
umg-1(config)# show srsx provisioning-history
```

| Site | Last Result | Date | Last Success | Users Provisioned |
|-----------------|-------------|-----------------------|-----------------------|-------------------|
| branch-bos-srst | Success | Mon, Mar 22, 09:24 AM | Mon, Mar 22, 09:24 AM | 21 |
| branch-nyc-srst | unknown | | | 0 |
| branch-sj-srst | unknown | | | 0 |

| Related Commands | Command | Description |
|-------------------------|--|--|
| | show srsx | Displays the SRSV-CUE devices on the Cisco Unified SRSV system. |
| | branch-voicemail-server | |
| | show srsx central-call-agent | Displays the central call agents available on the Cisco Unified SRSV system. |
| | show srsx site | Displays the sites on the Cisco Unified SRSV system. |

■ **show srsx site**

show srsx site

To display the list of sites managed by the Cisco UMG or to see details for the specified site, use the **show srsx site** command.

show srsx site [sitename]

| | | |
|---------------------------|-----------------|--------------------------|
| Syntax Description | <i>sitename</i> | Name of a specific site. |
|---------------------------|-----------------|--------------------------|

| | |
|----------------------|---------------------|
| Command Modes | Cisco UMG EXEC mode |
|----------------------|---------------------|

| Command History | Cisco UMG Version | Modification |
|------------------------|--------------------------|---|
| | 8.0 | This command was introduced. |
| | 8.5 | This command was modified to add support for E-SRST configurations. The following fields were added: SRST Provisioning, SRSV Provisioning, Router login username, Router login password. |

| | |
|-------------------------|--|
| Usage Guidelines | This information is also available in the Cisco UMG graphical user interface, which we recommend that you use as the primary administrative interface. |
|-------------------------|--|

| | |
|-----------------|---|
| Examples | The following is an example of the show srsx site command: |
|-----------------|---|

```
umg-1(config)# show srsx site

Site          | Provisioning|Call Agent    | Voicemail Server|SRST           | SRSV
-----+-----+-----+-----+-----+-----+-----+
branch-bos-srst| enabled   | ccm-7.srvs.lab| cuc-8.srvs.lab | 192.168.1.2
| bos-srvs.srvs.lab
branch-nyc-srst| enabled   | ccm-7.srvs.lab| cuc-8.srvs.lab | 192.168.1.4
| bos-srvs.srvs.lab
branch-sj-srst | enabled   | ccm-7.srvs.lab| cuc-8.srvs.lab | 192.168.1.5
| bos-srvs.srvs.lab
```

The following is an example of the **show srsx site** command with a site specified:

```
umg-1(config)# show srsx site branch-bos-srst

Sitename:           branch-bos-srst
Central Call Agent: ccm-7.srvs.lab
Central Voicemail Server: cuc-8.srvs.lab
Srst Reference:    branch-bos-srst
Srst Address:      192.168.28.131
Srvs Voicemail:    bos-srvs.srvs.lab
Template:          default
Provisioning:       enabled
SRST provisioning: enabled
SRSV provisioning: enabled
Router login username: bxb100 admin
Router login password: *****
```

| Related Commands | Command | Description |
|------------------|---|--|
| | show srsx central-call-agent | Displays the central call agents available on the Cisco Unified SRSV system. |
| | show srsx central-voicemail-server | Displays the central voicemail servers available on the Cisco Unified SRSV system. |
| | show srsx branch-voicemail-server | Displays the SRSV-CUE devices on the Cisco Unified SRSV system. |

■ **show srsx site-template**

show srsx site-template

To display the site provisioning templates used when provisioning SRSV-CUE devices, use the **show srsx site-template** command.

show srsx site-template [default] | [name] | [auto-learned]

| | | |
|---------------------------|---------------------|--|
| Syntax Description | default | Displays default site provisioning templates. |
| | <i>name</i> | Displays details for the selected template. |
| | auto-learned | Displays site provisioning templates for auto-learned sites. |

| | |
|----------------------|---------------------|
| Command Modes | Cisco UMG EXEC mode |
|----------------------|---------------------|

| Command History | Cisco UMG Version | Modification |
|------------------------|--------------------------|---|
| | 8.0 | This command was introduced. |
| | 8.5 | This command was modified to add support for E-SRST configurations. The Autolearn Voicemail Pilot field was added. |

| | |
|-------------------------|--|
| Usage Guidelines | This information is also available in the Cisco UMG graphical user interface, which we recommend that you use as the primary administrative interface. |
|-------------------------|--|

| | |
|-----------------|--|
| Examples | The following is an example of the show srsx site-template command: |
|-----------------|--|

```
umg-1(config)# show srsx site-template
Name    |Voicemail Pilot
_____
default|1001
```

The following is an example of the **show srsx site-template** command in which the voicemail pilot has been auto-learned:

```
umg-1(config)# show srsx site-template
Name    |Voicemail Pilot
_____
default|Auto-Learned
```

The following is an example of the **show srsx site-template** command with a template specified:

```
umg-1(config)# show srsx site-template default

Template Name: default
Autolearn voicemail pilot enabled
Voicemail Pilot: 1001
Live Record: disabled
Live Record Beep: disabled
Live Record Beep Interval: 15
Live Record Beep Duration: 250
Live Reply: disabled
Mailbox Size (seconds): 3600
Maximum Message Size (seconds): 240
Message Expiration (days): 30
Menu items changed prompt: disabled
MWI mode: Automatic
MWI type: Sub-notify
```

Related Commands

| Command | Description |

| show srsx site | Displays the sites on the Cisco Unified SRSV system. |

■ **show srsx srsv-upload-history**

show srsx srsv-upload-history

To display the voicemail upload history for all Cisco Unified SRSV devices, use the **show srsx srsv-upload-history** command.

show srsx srsv-upload-history

Syntax Description This command has no arguments or keywords.

Command Modes Cisco UMG EXEC mode

| Command History | Cisco UMG Version | Modification |
|-----------------|-------------------|------------------------------|
| | 8.0 | This command was introduced. |

Usage Guidelines This information is also available in the Cisco UMG graphical user interface, which we recommend that you use as the primary administrative interface.
