

Logging In to the Cisco UMG Graphical User Interface (GUI)

Restrictions

The [Cisco UMG GUI](#) only supports the following web browsers:

- Internet Explorer Releases 6, 7, and 8
- Mozilla Firefox Release 3

Before You Begin

- Install the [Cisco Unified Messaging Gateway \(Cisco UMG\)](#) Release 8.0. See the [Installation and Upgrade Guide for Cisco Unified Messaging Gateway Release 8.0](#) for information.
- Gather the administrator user name and password that you entered during the installation.

Procedure

- Step 1** Open a web browser.
- Step 2** Enter the IP address of the Cisco UMG.
The system displays the log-in screen.
- Step 3** Enter the administrator name.
- Step 4** Enter the administrator password.
- Step 5** Click **Log In**.
The system displays the Cisco UMG dashboard within the Cisco UMG GUI.
