

Cisco Mobile Wireless Transport Manager 6.1.1 Ordering Guide

Cisco® Mobile Wireless Transport Manager (MWTM) 6.1.1 provides monitoring and management capabilities to the Cisco IP Radio Access Network (IPRAN), Global Systems for Mobile Communications (GSM) Radio Access Network (RAN) Optimization solution, Cisco IP Transfer Point (ITP) networks, and Cisco Mobile Internet. Cisco MWTM addresses the element-management requirements of mobile operators and provides fault, configuration, and troubleshooting capability as mobile operators make the transition from first-generation, fixed leased-line networks to a converged IP-based infrastructure.

For more information on the Cisco IP next-generation networks for mobile operators, please visit <http://www.cisco.com/go/mobile>.

The Cisco Mobile Wireless Transport Manager comprises:

- **Base Media Kit Software CD**
This is the CD media for installing server and client software.
- **Node Right-to-Use (RTU) License**
This is a legal document that entitles the end user to manage Cisco RAN Optimization, Cisco IPRAN, Cisco Mobile Internet, and Cisco ITP devices using Cisco MWTM up to the number of nodes, cards, or licenses purchased.
- **Standby Server RTU License**
This is a legal document that entitles the end user to install two Cisco MWTM servers in a redundant fashion.
- **Software Application Support (SAS)**
This provides software support and software upgrades for Cisco MWTM. One SAS contract is needed per RTU license purchased.

Supported Devices and Versions

Refer to the data sheet located under the Product Literature section at <http://www.cisco.com/go/mwmtm> for the complete list of routers and line cards supported.

Pricing Tool

All part descriptions and part numbers for all Cisco products can be accessed using the online Cisco Pricing Tool at <http://www.cisco.com/cgi-bin/front.x/pricing>.

This provides an up-to-date list of all products and their part numbers. Search from any of the following to locate the Cisco Mobile Wireless Transport Manager software and RTU licenses:

- Product Price Search / Product Family / Network Management / Cisco Mobile Wireless Transport Manager (MWTM)
- Product Price Search / Product Number / MWTM

The Cisco Pricing Tool requires a Cisco.com user name and password. If you are not already registered for Cisco.com, go to <http://tools.cisco.com/RPF/register/register.do> and follow the instructions. After you have registered, you may access the Cisco Pricing Tool.
