# End-of-Sale and End-of-Life Announcement for the Cisco Application Networking Manager 1.0 and 1.1

EOL6238—Amended

Cisco announces the end-of-sale and end-of life dates for the Cisco® Application Networking Manager 1.0 and 1.1. The last day to order the affected product(s) is April 18, 2008. Customers with active service contracts will continue to receive support from the Cisco Technical Assistance Center (TAC) as shown in Table 1 of the EoL bulletin. Table 1 describes the end-of-life milestones, definitions, and dates for the affected product(s). Table 2 lists the product part numbers affected by this announcement. For customers with active and paid service and support contracts, support will be available until the termination date of the contract, even if this date exceeds the Last Date of Support shown in Table 1.

**Table 1.**    End-of-Life Milestones and Dates for the Cisco Application Networking Manager 1.0 and 1.1

| Milestone | Definition | Date |
|---|---|---|
| End-of-Life Announcement Date | The date the document that announces the end of sale and end of life of a product is distributed to the general public. | October 19, 2007 |
| End-of-Sale Date | The last date to order the product through Cisco point-of-sale mechanisms. The product is no longer for sale after this date. | April 18, 2008 |
| Last Ship Date: App. SW | The last-possible ship date that can be requested of Cisco and/or its contract manufacturers. Actual ship date is dependent on lead time. | July 17, 2008 |
| End of SW Maintenance Releases Date: App. SW | The last date that Cisco Engineering may release any final software maintenance releases or bug fixes. After this date, Cisco Engineering will no longer develop, repair, maintain, or test the product software. | April 18, 2009 |
| End of New Service Attachment Date: App. SW | For equipment and software that is not covered by a service-and-support contract, this is the last date to order a new service-and-support contract or add the equipment and/or software to an existing service-and-support contract. | April 18, 2009 |
| End of Service Contract Renewal Date: App. SW | The last date to extend or renew a service contract for the product. | July 15, 2010 |
| Last Date of Support: App. SW | The last date to receive service and support for the product. After this date, all support services for the product are unavailable, and the product becomes obsolete. | April 18, 2011 |

HW = Hardware, OS SW = Operating System Software, App. SW = Application Software

**Table 2.**    Product Part Numbers Affected by This Announcement

| End-of-Sale Product Part Number | Product Description | Replacement Product Part Number | Replacement Product Description |
|---|---|---|---|
| ANM-AD-005-11 | ANM License For Up To 5 ACE Devices | ANM-AD-005 | ANM License For 5 ACE Devices |
| ANM-AD-005-11-H | ANM HA License For Up To 5 ACE Devices | ANM-AD-005-H | ANM HA License For 5 ACE Devices |
| ANM-AD-005-H= | ANM HA License For Up To 5 ACE Devices | ANM-AD-005-H | ANM HA License For 5 ACE Devices |
| ANM-AD-005= | ANM License For Up To 5 ACE Devices | ANM-AD-005 | ANM License For 5 ACE Devices |
| ANM-AD-010-11 | ANM License For Up To 10 ACE Devices | ANM-AD-010 | ANM License For 10 ACE Devices |

| End-of-Sale Product Part Number | Product Description | Replacement Product Part Number | Replacement Product Description |
|---|---|---|---|
| ANM-AD-010-11-H | ANM HA License For Up To 10 ACE Devices | ANM-AD-010-H | ANM HA License For 10 ACE Devices |
| ANM-AD-010-H= | ANM HA License For Up To 10 ACE Devices | ANM-AD-010-H | ANM HA License For 10 ACE Devices |

| ANM-SERVER-11-K9 | ANM Server Software | ANM-SERVER-20-K9 | ANM Server Software |

### Product Migration Options

Customers are encouraged to migrate to the Cisco Application Networking Manager 2.0. All Cisco Application Networking Manager 1.0 and 1.1 customers are qualified for upgrade to 2.0 at no charge. Information about this product can be found at: http://www.cisco.com/en/US/products/ps6904/index.html. Cisco Application Networking Manager 2.0 supports additive device class licenses in place of the upgrades for device class licenses. Only the server licenses remain version specific; device and virtual context licenses are no longer version specific. Cisco Application Networking Manager 2.0 also implements license enforcement that requires license keys. To simplify key creation and installation, customers expanding their ANM installation should order options under ANM-LICENSE-PAK or ANM-LICENSE-PAK-H for each ANM server to which they wish to add additional capability. For new installations, customers should order options under ANM-SERVER-20-K9 for each server they wish to install. For existing customers migrating from prior versions of Cisco Application Networking Manager who have not received instructions on how to obtain their license keys, please make requests via e-mail to anm-eval@external.cisco.com with "ANM 2.0 Upgrade Key Request" in the e-mail subject line.

Customers can use the Cisco Technology Migration Plan (TMP) to trade in products and receive credit toward the purchase of new Cisco equipment. For more information about Cisco TMP, go to: http://www.cisco.com/go/tradein/. The Cisco TMP application requires all users to have a Cisco.com user ID.

Service prices for Cisco products are subject to change after the product End of Sale date.
