

Change in Product Part Number Announcement for the Cisco TelePresence Server 7010 (Original)

EOL8797

Cisco announces a change in product part numbers for the Cisco TelePresence Server 7010 (Original). This is a product part number change only announcement. Customers will experience no change in functionality when using the new product part numbers. The new product part numbers are designed to simplify the customer ordering process. The last day to order the affected product using the current product part numbers is February 11, 2013. Customers will continue to receive support from the Cisco Technical Assistance Center (TAC) until otherwise specified in the end-of-life announcement for the new product part numbers. Table 1 describes the end-of-life milestones, definitions, and dates for the affected product. Table 2 lists the product part numbers affected by this announcement.

The Cisco TelePresence Server 7010 will now be ordered as an appliance with no bundled screen licenses. In order to provide customers with maximum flexibility, screen licenses can be ordered individually, either at the time of the original order or afterward. Customers are encouraged to migrate to the Cisco TelePresence Server 7010 Mk2. Information about this product can be found at: <http://www.cisco.com/en/US/products/ps11397/index.html>. The ATP Demo Program part numbers will no longer be used. A new Not for Resale program allowing the use of standard part numbers removes the need for specific ATP Demo Program part numbers.

Table 1. End-of-Life Milestones and Dates for the Cisco TelePresence Server 7010 (Original)

Milestone	Definition	Date
End-of-Life Announcement Date	The date the document that announces the end-of-sale and end-of-life of a product is distributed to the general public.	November 12, 2012
End-of-Sale Date	The last date to order the product through Cisco point-of-sale mechanisms. The product is no longer for sale after this date.	February 11, 2013
Last Ship Date: HW	The last-possible ship date that can be requested of Cisco and/or its contract manufacturers. Actual ship date is dependent on lead time.	May 12, 2013

HW = Hardware OS SW = Operating System Software App. SW = Application Software
