End of Availability for Verdiem's promotional $0 SKU (EW-VER-50SW) as a part of Cisco EnergyWise Fast-Start Program

Cisco announces the end-of-availability of the promotional SKU: EW-VER-50SW.
This SKU is part of the Cisco EnergyWise Fast-Start $0 promotion that provides Cisco customers with a no cost, limited functionality license for an Energy Management Application. The JouleX, and CA Technologies (Nimsoft) promotional SKU's are unaffected by this change and continue to be available as part of the program.

The last day to order the affected promotional SKU(s) is July 31, 2013.

Table 1. Describes the milestones, definitions, and dates for the affected promotional SKU(s) and the product part numbers affected by this announcement.

Milestone	Definition	Date
End of Availability	The last day to place an order for the Verdiem Fast-Start SKU through the Cisco Point of Sale mechanisms. The product is no longer available after this date.	July 31, 2013
End of Availability Product SKU	Definition	Replacement Part Numbers
EW-VER-50SW	Cisco EnergyWise Fast-Start SKU for Verdiem	See Product Migration Options Section below

Product Migration Options

Customers that have placed orders for EW-VER-50SW SKU prior to this announcement or at any time and not yet redeemed the offer from Verdiem may have the option to choose the JouleX SKU (EW-JX-50SW). Verdiem Fast-Start SKU customers are advised to contact Cisco EnergyWise at ask-energywise@cisco.com and indicate that they chose the Verdiem Fast-Start SKU and would now like to convert the offer to the Cisco/JouleX Fast-Start SKU.

Customers may continue to order the Cisco JouleX Fast-Start SKU (EW-JX-50SW) by including it when you book a Cisco Catalyst switch/line-card (3500, 3700, 4500 series),
