

## Change in Product Part Number Announcement for the Cisco Unified Presence UCSS-UPS Codes

EOL6672

Cisco® announces a change in product part numbers for the Cisco Unified Presence UCSS-UPS Codes. This is a product part number change only announcement. Customers will experience no change in functionality when using the new product part numbers. The new product part numbers are designed to simplify the customer ordering process. The last day to order the affected product using the current product part numbers is April 2, 2009. Customers will continue to receive support from the Cisco Technical Assistance Center (TAC) until otherwise specified in the end-of-life announcement for the new product part numbers. Table 1 describes the end-of-life milestones, definitions, and dates for the affected product. Table 2 lists the product part numbers affected by this announcement.

The replacement part identification code for the Unified Communications Software Subscription for Cisco Unified Presence is UCSS-CUP.

**Note:** In order to simplify the number of UCSS product codes, Cisco Unified Presence now issues only one code per year for UCSS, that is, UCSS-CUP-X-10, which needs to be ordered in the required quantity for the number of users.

**Table 1.** End-of-Life Milestones and Dates for the Cisco ME 2400 Series Ethernet Access Switches

Milestone	Definition	Date
<b>End-of-Life Announcement Date</b>	The date the document that announces the end of sale and end of life of a product is distributed to the general public.	January 30, 2009
<b>End-of-Sale Date</b>	The last date to order the product through Cisco point-of-sale mechanisms. The product is no longer for sale after this date.	April 2, 2009
<b>Last Date of Support: App. SW</b>	The last date to receive service and support for the product. After this date, all support services for the product are unavailable, and the product becomes obsolete.	April 2, 2009

HW = Hardware OS SW = Operating System Software App. SW = Application Software
