End-of-Sale and End-of-Life Announcement for the Cisco PAP2T Internet Phone Adapter with 2 VoIP Ports

EOL8169

Cisco announces the end-of-sale and end-of-life dates for the Cisco PAP2T Internet Phone Adapter with 2 VoIP Ports. The last day to order the affected product(s) is May 16, 2012. Customers will continue to receive phone support from the Cisco Small Business Support Center (SBSC) as shown in Table 1 of the EoL bulletin. Table 1 describes the end-of-life milestones, definitions, and dates for the affected product(s). Table 2 lists the product part numbers affected by this announcement. For customers with active product warranties, support will be available as stated in the product warranty terms and conditions, even if this date exceeds the Last Date of Support shown in Table 1.

Table 1.   End-of-Life Milestones and Dates for the Cisco PAP2T Internet Phone Adapter with 2 VoIP Ports

Milestone	Definition	Date
End-of-Life Announcement Date	The date the document that announces the end-of-sale and end-of-life of a product is distributed to the general public.	February 15, 2012
End-of-Sale Date	The last date to order the product through Cisco point-of-sale mechanisms. The product is no longer for sale after this date.	May 16, 2012
End of Phone Support Date: HW	The last date to receive phone support as part of the product warranty. After this date, all phone support services for the product are available with additional charges or support fees. In some cases, support may not be available.	May 16, 2013
Last Ship Date: HW	The last-possible ship date that can be requested of Cisco and/or its contract manufacturers. Actual ship date is dependent on lead time.	August 14, 2012
Last Date of Support: HW	The last date to receive applicable service and support for the product as entitled by active service contracts or by warranty terms and conditions. After this date, all support services for the product are unavailable, and the product becomes obsolete[**]. Warranty duration is based on product ship dates; refer to warranty terms and conditions for details.	May 31, 2013

HW = Hardware   OS SW = Operating System Software   App. SW = Application Software

The new Cisco SPA112 is based on the PAP2T and also features two standard phone ports for VoIP service. Each phone port can be configured independently with its own number and can support simultaneous voice and data use. Customers previously using the PAP2T will quickly become familiar with the SPA112 since the setup and configuration of these devices are practically identical.

Table 2. Product Part Numbers Affected by This Announcement

End-of-Sale Product Part Number	Product Description	Replacement Product Part Number	Replacement Product Description	Additional Information
PAP2T-AS	Phone Adapter with 2 Ports for Voice-over-IP (North America)	SPA112	2 Port Phone Adapter	-
