*Male Speaker*

We at Akshaya Patra see a big alignment between Cisco's CSR vision and Akshaya Patra's vision of seeing no child in India shall be hungry and will miss education because of hunger.

Cisco towards Global Hunger Relief Campaign has been trying to alleviate poverty in the world. And we see a big fit here, because Akshaya Patra wants to do the same thing.

And these two organizations, the world's largest NGO-run school meal program and the world's largest networking company have come together to solve this one major problem which the country faces, that children are missing out on education and because of hunger.

And this is the big alignment which we see. And we look forward to a long-term relationship with Cisco on this front.
